

Expert Witness Certificate

TRAINING

This 12-week blended learning programme is designed to give you a sound knowledge of the law and best practice.

This practical course will ensure you develop the core competencies, in line with the official RICS standards and information, needed to be an effective expert witness.

A recognised benchmark of quality

On successful completion of RICS' Expert Witness Certificate and assessments, candidates with suitable experience can apply for accreditation.

RICS Accredited Expert Witness status is recognised in the market as an important benchmark of quality, which assists accredited expert witnesses in attracting private appointments by solicitors, clients and professional representative firms.

Who should attend?

This course is suitable for all professionals working within the built environment, from surveyors to engineers, who want to gain the theoretical knowledge and practical competencies required to act as an expert witness.

What key competencies will I develop?

Managing the appointment

Managing the post-appointment process

Constructing a comprehensive expert report

Discussions between experts

Delivering effective expert evidence in court

Course overview

RICS' Expert Witness Certificate is:

- founded on RICS standards and information
- practical and focuses on the core competencies needed by expert witnesses
- delivered by leading surveyors and lawyers
- adapted specifically for the UK.

The course works systematically through the published RICS standards and information and related learning materials through webinars led by experienced surveyors, lawyers and expert witnesses. You will be guided by a mentor who will help you acquire the competencies you need.

This course also includes intense practical workshops where you will work with leading industry experts and barristers to finesse your skills.

Calendar

Competency assessment

In addition to the online theory assessment each competency is assessed to ensure candidates not only understand the academic learning but are competent to act as an expert witness.

The submitted report, cross-examination exercise and additional online interview assesses:

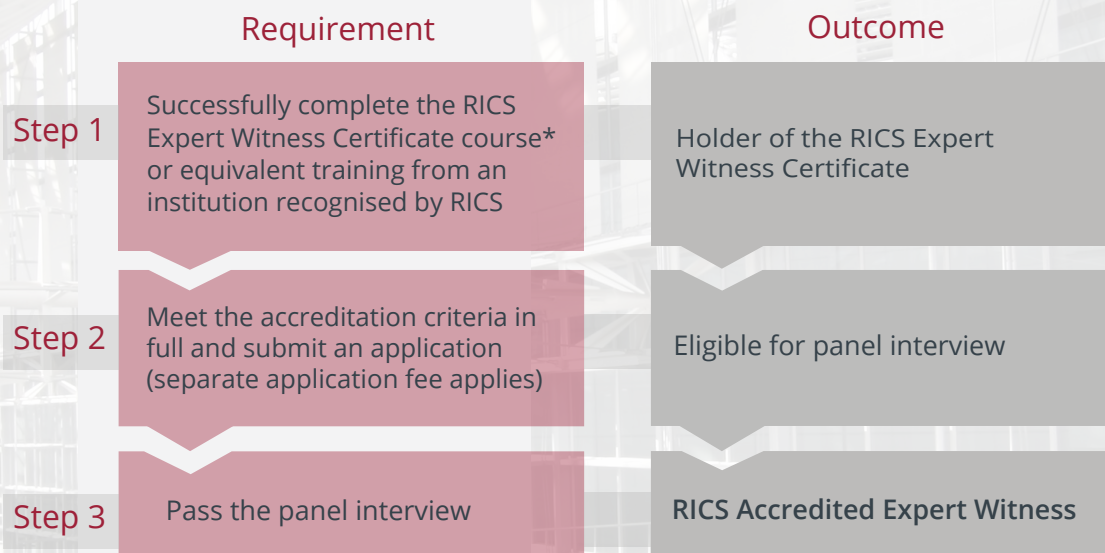

- managing the appointment
- managing the post-appointment process
- discussions between experts.

What do you receive after successfully completing the course?

- ✓ Become a **Holder of the RICS Expert Witness Certificate**, which can be added to your CV and professional credentials.
- ✓ Gain access to RICS expert witness CPD and related events.

Pathway to RICS Accredited Expert Witness status

The RICS Expert Witness Certificate is not a status in itself. It is, however, an important step towards becoming an **RICS Accredited Expert Witness**. Below is a breakdown of the process:

*including report writing, cross-examination and course interview assessment.

Benefits of becoming an RICS Accredited Expert Witness

Once accredited, you can:

- ✓ use the title 'RICS Accredited Expert Witness'
- ✓ display the RICS Accredited Expert Witness logo demonstrating expertise and competence in the expert witness role
- ✓ be listed on the RICS website as an Accredited Expert Witness
- ✓ join the President's Panel of Dispute Resolvers and Expert Witnesses and be considered for nominations by RICS.
