

Valuer Registration Fee Scale

This document provides a breakdown of the cost for your Valuer Registration renewal.

Sponsored Members:

The table below provides a breakdown of the increase in sponsorship fee for each additional Registered Valuer that your firm sponsors.

If your firm wishes to sponsor members for Valuer Registration, your firm will be required to purchase sponsorship licences via the Regulation section on your account. These can then be used by individual valuers when completing their renewal.

When your firm submits an application for sponsorship, they have two options to pay. You can pay by credit card or if your firm has a trade account, you can select this option and your firm will receive an invoice which is payable within 30 days.
