## Notes

### 1. Listed Insurers

Firms regulated by RICS should obtain professional indemnity insurance in accordance with RICS rules. Cover must meet RICS minimum terms and conditions. It may be provided by a Listed Insurer(s), or via the Assigned Risks Pool.

The above insurers have provided a commitment to RICS to provide professional indemnity insurance to member firms which meets the minimum terms and conditions or via the Assigned Risks Pool.

These Listed Insurers can underwrite either in isolation or in combination with one another.

The onus is on regulated firms to obtain adequate and appropriate insurance in accordance with RICS Regulatory Board's standards. If you are concerned about whether your insurer(s) is listed, you should contact your broker in the first instance.

### 2. Underwriting Agencies/Service Companies

Some of the above Listed Insurers write business through an underwriting agency or service company. Policies written via an underwriting agency or service company will comply with the RICS professional indemnity insurance rule, providing that the insurer(s) writing the policy for the agency are listed, as above.

### 3. Brokers

Brokers do not appear on this list. Most of the insurers listed cannot be approached directly and therefore you will need to use a broker. **For further information please contact the RICS Regulation helpline on: 020 7695 1670** or by accessing the RICS website: [www.rics.org/pii](http://www.rics.org/pii)

### 4. Security Ratings

RICS has a minimum security rating (as provided for by the leading security agencies Standard & Poor's and AM Best) for its Listed Insurers, as at the date the insurer is granted listed status. However, beyond that, it is the sole responsibility of the member firm and its broker/intermediary to check the adequacy of security of its insurance carrier(s). This can be done at [www.standardandpoors.com](http://www.standardandpoors.com) and [www.ambest.com](http://www.ambest.com)
